Fight for Planet A Craig Reucassel 2020-11-12 What we can do when there's no plan B. Based on the hit ABC series - don't leave earth without it Most Australians accept that climate change is real. However, many of us don't know what we can do about it and feel powerless about how to make a difference. In Fight for Planet A, the book of the hugely popular 3-part ABC series of the same name, presenter Craig Reucassel explores solutions and practical day-to-day changes that each and every one of us can make to reduce our carbon footprint and help minimise the impact of climate change. Looking at our relationship with food, energy and transport, the former Chaser comedian and presenter of the

enormously popular War on Waste ABC series demonstrates the scale of the problem and a myriad of solutions in ways that are entertaining, informative, emotionally engaging and, best of all, easy to understand. Fight for Planet A will contain far more info than the show: one problem Reucassel encountered while making the series was how much he had to leave out.

The Security Leader's Communication Playbook Jeffrey W. Brown 2021-09-12 This book is for cybersecurity leaders across all industries and organizations. It is intended to bridge the gap between the data center and the board room. This book examines the multitude of communication challenges that CISOs are faced with every day and provides practical tools to identify your audience, tailor your message and master the art of communicating. Poor communication is one of the top reasons that CISOs fail in their roles. By taking the step to work on your communication and soft skills (the two go hand-in-hand), you will hopefully never join their ranks. This is not a "communication theory" book. It provides just enough practical skills and techniques for security leaders to get the job done. Learn fundamental communication skills and how to apply them to day-to-day challenges like communicating with your peers, your team, business leaders and the board of directors. Learn how to produce meaningful metrics and communicate before, during and after an incident. Regardless of your role in Tech, you will find something of value somewhere along the way in this book.

This Proud Heart Pearl S. Buck 2013-05-21 In the 1930s, as her second marriage approaches, a brilliant and independent sculptor faces tensions between her art and everyday life in this novel by the author of The Good Earth. This Proud Heart narrates the experience of a gifted sculptor and her struggle to reconcile her absorbing career with society's domestic expectations. Susan Gaylord is talented, loving, equipped with a strong moral sense, and adept at anything she puts her hand to, from housework to playing the piano to working with marble and clay. But the intensity of her artistic calling comes at a price, isolating her from other people—at times, even from her own family. When her husband dies and she remarries, she finds herself once again comparing the sacrifice of solitude to that of commitment. With a heroine who is naturalistic yet compellingly larger than life, This Proud Heart is incomparable in its sympathetic study of character. This ebook features an illustrated biography of Pearl S. Buck including rare images from the author's estate.
