Transmissions and Drivetrain Design Michael Hilgers 2021-02-26 The aim of this work, consisting of 9 individual, self-contained booklets, is to describe commercial vehicle technology in a way that is clear, concise and illustrative. Compact and easy to understand, it provides an overview of the technology that goes into modern commercial vehicles. Starting from the customer's fundamental requirements, the characteristics and systems that define the design of the vehicles are presented knowledgeably in a series of articles, each of which can be read and studied on their own. This volume, *Transmissions and Drivetrain Design*, begins with an explanation of how driving resistance and the engine characteristics factor into the configuration of the transmission and transmission ratios. The transmission and its associated assemblies are presented in detail, providing a clear understanding for training and practical applications. Other components of the drivetrain such as the propeller shaft, the clutch and the retarder are also discussed.

Universal Joints and Driveshafts Hans-

Christoph Seherr-Thoss 2006-03-28 Major progress has been made in the field of driveshafts since the authors presented their first edition of this unique reference work.

Correspondingly, major revisions have been done for second edition of the German Textbook (Springer 2003), which is present here in the English translation. The presentation was adjusted, novel improvements of manufacturing and design are described, and modern aspects of production are incorporated. The design and application of Hooke's joint driveshafts is discussed as well as constant velocity joints for the construction of agricultural engines, road and rail vehicles. This work can be used as a textbook

as well as a reference for practitioners, scientists, and students dealing with drive technology.

Shaft: The Original Novel Ernest Tidyman

2016-07-20 Who is John Shaft? John Shaft is a private eye. John Shaft is a black man made of muscle and ice, and he has no prejudices. John Shaft will kill anyone... black or white. When the cloistered daughter of Harlem's crime boss discovers the true nature of her father's work, she runs off to be as bad as Dad. By the time she disappears, she's into sex, liquor, dope, and a few other scenes. Now, Big Daddy wants Shaft to get his baby back. The tough, take-no-guff detective goes to work... and the Mafia, the Black militants, the NYPD, and City Hall go to work on him. The original and unabridged Shaft novel by Ernest Tidyman, the 1970 tour de force of hardboiled crime fiction that introduced an unsuspecting world to a cultural icon.
