**Pre-Incident Indicators of Terrorist**

**Incidents** Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The

planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

Hemi Under Glass: Bob Riggle and His Wheel-Standing Mopars Richard Truesdell 2021-08-15 Look up to the skies through Bob Riggle's eyes in this wheelstanding, must-have Mopar history book on Hemi Under Glass! While the established stock and modified brackets are long-recognized as the heart and soul of drag racing, it was the wheelstanders that more often than not put butts in the bleachers. In that category, some of the most well-known names included Bill "Maverick" Golden's Little Red Wago, Bill Shewsberry's L.A. Dart and Chuck Poole's Chuck Wagon. Although, most memorable of all was the Hurst Hemi Under Glass Plymouth Barracuda campaigned by Bob Riggle. Riggle started his career in the early 1960s as a car builder and mechanic for Hurst-Campbell and eventually ascended to pilot the Hemi Under Glass. When he left Hurst in 1969, the Hemi Under Glass franchise transferred with Riggle. He continued for six more years as the owner/driver of a succession of Hemi Under Glass renditions. In the 1990s he resurrected the concept of the original car—making four different versions (1966, 1967, 1968, and 1969)—and continued to thrill drag racing fans with his wheelstanding antics. At the time of this writing, Bob's last run with the Hemi Under Glass was in the summer of 2019. He claims to have retired (he was 83 years old at the time), but he's claimed that before! For all the success he enjoyed over his long and distinguished career, which is believed to be one of the longest in all of motorsports, he's best remembered for a run at Irwindale Raceway in early 2016 with comedian and car buff Jay Leno in the passenger seat in a video that has been viewed more than 10 million times. This is Bob's story, one that Mark Fletcher and Richard Truesdell, co-

authors of the 2012 book *Hurst Equipped*, are honored to share. They say the story was easy to tell—given their unprecedented access not only to Bob but also to his vast archive of photos that reflect his ongoing popularity. Many of the photos in this book are seen in print for the very first time.

**When The Green Flag Drops** Rod Koch 2011-01-31 Ride once again with the author, Rod Koch, and share his adventures as he struggles to gain another victory in the epic Baja 1000. His first autobiography, *7 Years from Start to Finish*, covered the early years of the Baja races from 1968-1975, up to the moment when the author became a first place winner in that incredible endurance race down and around the Baja California peninsula. When the *Green Flag Drops* continues those adventures in off-road racing through the 1980s not just in Baja, but back in the U. S. A. with events like the Parker 400, Casinos 350, Mint 400 and the Riverside Off-Road Championships. The author then makes the transition into the intensity of the Pro-Rally race scene, bringing the reader along with him as he takes on some of the best and fastest off-road and performance rally drivers in North America. The action streaks across the High Sierras from San Francisco to Reno, from Las Vegas to Laughlin, Nevada, from Carson City to Virginia City to Yerington, through the rain, mud, snow, even the heat of the Mojave Desert near Palm Springs and east of Indio, wherever the dirt mountain and desert roads of the performance and Pro-Rally circuit goes. You are there with the author in the co-driver's seat for what may be the ride of your life—if you dare.
