White Magic Elissa Washuta 2021-04-27 “White Magic is magnificent.” –Kristen Arnett Bracingly honest and powerfully affecting, White Magic establishes Elissa Washuta as one of our best living essayists. Throughout her life, Elissa Washuta has been surrounded by cheap facsimiles of Native spiritual tools and occult trends, “starter witch kits” of sage, rose quartz, and tarot cards packaged together in paper and plastic. Following a decade of abuse, addiction, PTSD, and heavy-duty drug treatment for a misdiagnosis of bipolar disorder, she felt drawn to the real spirits and powers her dispossessed and discarded ancestors knew, while she undertook necessary work to find love and meaning. In this collection of intertwined essays, she writes about land, heartbreak, and colonization, about life without the escape hatch of intoxication, and about how she became a powerful witch. She interlaces stories from her forebears with cultural artifacts from her own life–Twin Peaks, the Oregon Trail II video game, a Claymation Satan, a YouTube video of Stevie Nicks and Lindsey Buckingham–to explore questions of cultural inheritance and the particular danger, as a Native woman, of relaxing into romantic love under colonial rule.

Old West Swindlers Laurence J. Yadon 2011-06-23 True stories of nineteenth-century crooks, con artists, and quacks—including the man who “sold” the Brooklyn Bridge. Gunslingers and outlaws weren’t the only ones who made the West wild. The nineteenth century was the golden era of riverboat gamblers, crooked railroad contractors, and filthy-rich medical quacks. These crooks made a living deceiving people who took a stranger at face value and left their doors unlocked. Throw in some get-rich-quick schemes and a generous mixture of whiskey and there was never a shortage of suckers. Conman George Parker was able to stay in business for forty years by “selling” public structures such as Madison Square Garden and the Statue of Liberty. He even “sold” the Brooklyn Bridge as often as twice a week. For most, the Salted Gold Mine or the Magic Wallet cons were enough to satisfy their greed. However, the more ambitious grifters tried the Big Stone, an illegal underground betting parlor like the one seen in the movie *The Sting*. With an honest-looking face and a lack of morals, these scammers played a big role in giving the frontier its lawless reputation—and this book tells their stories.

The Oxford Handbook of Martin Luther's Theology Robert Kolb 2014 The 47 essays in this volume, composed by historians and theologians from 15 nations, survey the background, context, content and impact of the thinking of Martin Luther. Communication and Consequences Robert Norton 1996 The communicative process allows, sometimes forces, one to make connections about the self and simultaneously how the self relates to the other and the world. The bonus of communicating is that one makes connections with other individuals. Not only are social connections made, but political, business, spiritual, esoteric, and functional connections as well. Each connection holds the possibility of teaching the person more about the self and the world. This book helps individuals understand the dynamics of change particularly by focusing on enthymematic communication that can be used to effect change. It demonstrates the simultaneous potential of communication to both constrain and free the individual. The first part of the book establishes the theoretical ground by identifying the definitional issues, defining communication, and relating content and style to the sense-making function of interaction. The second part examines the primary consequences of interaction in both self and relational identity. Communication creates self-identification as well as relational identity, both of which provide a means of stabilizing the self and simultaneously allowing for change.

East Before South: Travelogue04 K.K. Pierscieniak 2013-12-13 *East Before South* is the tale of a very long trip that began, innocently enough, with a fabulous party in Rio de Janeiro. The journey will take you on a ride in rattletrap buses, dugout canoes, camel trucks, army convoys, sea ferries, and clapped-out trains. It will take you through places not on any map. With hundreds of (sometimes) irreverent travel anecdotes of the kind you just won't find in any other travel book, it's the unvarnished truth. It will show you the world the way it really is. From Rio, the road took me across the heartland of Brazil to Belem at the mouth of the mighty Amazon and upriver into the heart of the jungle. Then down the coast for the Carnaval and further down still, hugging the beaches, toward Argentina and Buenos Aires. Tango. To the very tip of the continent: wind-blasted Patagonia. Up again, a yoyo trip, north to Salta, and through the unofficial border to Bolivia's wild west. Then: a transcontinental flight to Europe: family and friends in Poland, then –Quickly!– across the Baltic Republics to the Russian border, where I was arrested and deported before I could properly enter the country. Two days later, back again, toward Moscow again, and farther east still, always east, on the Tran Siberian Express bound for Ulan Bator. A weeklong journey across the wasteland of Siberia to Mongolia: there are roads there, yes, like there are tracks on Mars. The Mongolians have a saying: “Two Chinese are worth one Korean. Two Koreans are worth one Japanese. Two Japanese are worth one Mongolian.” But that, of course, is a lie. South, then, toward Beijing and then more south to Shanghai and more south still to Hong Kong: stopping in places for reasons that are never specifically clear, the road taking me ever farther from the beginning. Hot-air balloon over Guilin. Then Bangkok in a blur: after a day of intensive culinary tuition, I can now burn Thai food with as much efficiency as I burn everything else. Then an island where I've been before –Ko Samui– which is no longer the same. Back to Bangkok. To Borneo. Back to Bangkok. To Manila. Then Alaska. Then half-neglected, half-lost, the ancient city of Leh: prophetic words on the roof of the world, their truth distilled to its crudest essence. Then, finally, South Korea: “The Soul of Asia” as proclaim the tourist slogan slapped across the fleet of taxis that cruise the wide boulevards of Seoul. From Korea, from Japan, around the Ring of Fire: Taipei, albeit ever so quickly: touch-and-go, really. KL for a massage. Singapore for the Singapore Sling. Then from the coffee plantations and volcanoes of Java to the primary rainforests and spiritual smorgasbord of Sulawesi and Bali: surfers’ paradise. Indonesia encompasses over 13,000 islands with 336 ethnic groups and a borderless rainbow babel of different languages, cultures and traditions. In addition to coffee-colored Hindus, Christians and Buddhists, this is the home of more Muslims than all the Middle East. Linking the islands is the lingua franca of Bahasa and an underlying songline of history: animist religions are uniting threads that cross oceans, adding layers of meaning to the word “multicultural”. Here some Muslims drink beer and arak in addition to java; some worship Buddha, Vishnu, Krishna, and Jesus in addition to Allah; while others leave offerings to good and evil pagan spirits (tourists included). In fact, clutched in the talons of the mythical Garuda, the national airline and state crest, is the motto “Unity in Diversity”. I muse about that in an undertaker’s shop, where he sells coffins and Coca-Cola side-by-side, and at the same time, it seems. There was much more. I hitched rides on logging trucks and dugout canoes, traveling often alone, crisscrossing language-zones and time-zones, transfixed by an idea of the world... a way around it. The fourth book of the *Travelogues*, “East Before South” is a story of that trip.
