Ferrari 250 GTO Keith Bluemel 2017-08-01 This magnificent book tells the story of a Ferrari 250 GTO with a particularly interesting and varied history. The car, chassis number 4153 GT, came fourth in its first outing at the Le Mans 24 Hours in 1963, and won the 10-day race-cum-rally Tour de France in 1964 with Lucien Bianchi and Georges Berger. It competed in almost every form of motorsport, including the Angolan Grand Prix, Africa in 1964, and endurance racing, hill-climbing and rallying in 1965, entered by the great Belgian team Ecurie Francorchamps. In 1966-69, it raced in Spain with owner Gerard Delgado and his friend Eugenio Baturone, a period that is described here for the first time. All this is covered in fascinating detail, supported by a fine collection of period photographs.

Lancia Hyena Zagato Maurizio Grasso 2015-11-15 "We have to recreate the enthusiasm that surrounded the SPORT models, ever a synonym for the Lancia Zagatos": in 1991 this was the brief the recent graduate Andrea Zagato gave to Marco Pedracini, a young designer who had not long been hired by prestigious coachbuilder. It was out of this fortuitous and fortunate coming together of this far-sighted idea and the enthusiasm of Paul Koot, a Dutch fan and a businessman in the automotive sector, that an icon was born, the HYENA. A beautiful car, but one practically unknown to the general public. A car that could have repeated and even surpassed the commercial and sporting success of the Lancia Delta Integrale from which it was derived. Unfortunatley just 24 examples were produced due to the debateable decision taken by the Fiat/Lancia directors of the time. Following a rapid review of the evolution of the Lancia Delta over the year, this book, written by an enthusiastic collector, examines the difficult genesis of the Hyena, from the first steps with the publication of the very first (previously unpublished) sketches and numerous photos and then follows its development, engineering and production through to its presentation at the car shows and in brochures. The book is completed by a comprehensive technical section, with the project list and the spare parts catalogue as well as an extensive photographic portrait of one particular example, N. 20. Lastly, all 24 Lancia Hyenas are examined, with the intention of reconstructing their specifications, their destination and the country in which they are jealously conserved by the enthusiast and collectors who possess a precious example.

Alfa Romeo 916 GTV and Spider Robert Foskett 2013-03-01 Alfa Romeo 916 GTV and Spider traces the complete story of the Alfa Romeo GTV and Spider models produced between 1994 - 2005, commonly known to enthusiasts by the manufacturer's project code as the 916 series. The 916 models would always be controversial - they replaced the iconic Spider, the best-selling Alfa Romeo sports model of all time, and the brand-establishing Alfetta GTV. Sharing components and a platform with a humble Fiat hatchback, would the cars ever be considered 'real' Alfa Romeos? The cars were critically acclaimed, and, though they faced tough competition in the late 1990s from the likes of the Audi TT, they remained in production for over a decade. Topics covered include: Full history of the 916 series GTV and Spider models; Design, development and evolution of the models from 1994 - 2005; Participation of the GTV in motorsport; Model variations in depth through all three facelifts; Previously unpublished production figures, and chassis numbers for the desirable, limited-edition GTV Cup model. Comprehensively researched guide to the entire lifespan of the 916 series.Will appeal to Alfa Romeo and automotive enthusiasts.The history

and design process are examined along with an in-depth guide to each of the model variants produced.The cars' current position in the classic car market is considered.Superbly illustrated with 240 colour photographs.Robert Foskett is a life-long Italian car enthusiast with a special interest in Alfa Romeo.

Il Cavallino Nel Cuore Leonardo Fioravanti 2015-09-15 For the first time, one of the major names in Italian car design tells his story from the beginning; from when he made his first sketches on paper, unbeknown to his parents and not only of cars, to reaching a point at which his name became synonymous with some of the best known and most important cars on the international front. In his 23-year career at Pininfarina, Leonardo Fioravanti, who was first a designer and architect, then managing director and director general of 'Studi & Ricerche' department, created some of the most beautiful Ferraris of all time; they ranged from the 1965 250 LM sports coupe Speciale to the immortal 1968 Daytona through to the 1975 308 GTB and GTS and the 1984 288 GTO, as well as the P5 and P6 of 1968. While continuing his Ferrari essay during his Pininfarina career, Fioravanti also guided the creation of numerous other projects, among them the Dino road car, the 1980 Pinin four-door prototype and went on to the 1984 Testarossa and the 1987 F40. He worked for the Fiat Group from 1988 until 1991, during which time he took on the roles of deputy director general of Ferrari, later became responsible for advanced design CRF and then head of the Fiat Styling Centre. In 1987, he founded Fioravanti srl, an architectural studio, and in 1991 he extended his services to industry, in particular the design of means of transport. Images of an epoch, designs from his own personal archive never previously seen and, above all, a passionate first person account. Those are the key elements of this outstanding book which, through the creations of Leonardo Fioravanti, covers over 50 years of the history of automobile style and culture. *Tofi's Fire Dance* Pusch Komiete Commey 2010-03 "Nii, a young boy from the West Coast of Africa, stows away on a ship bound for America, land of dreams. In turn, they teach him about cows because 'cattle is wealth'. When Nii has to go home, Tofi, the little girl who saved him, fights for his return. Racing Cars of the Sea Gerald Guetat 2015-04-01 From 1954 to 1975, the Milan-based San Marco boatyard wrote some of the most interesting pages in the post-war history of powerboating. San Marco is the only yard that has extensively used Italian car engines for both its racing and production boats, including those of Ferrari, Maserati, Alfa Romeo, Lancia, Fiat and Abarth. The yard produced such models as the 600 Del Mare, Giulietta del Mare, Appia; all fast and prestigious wooden runabouts with elegant lines and refined details. Like a fashion designer or a famous Italian coachbuilder, for over 20 years Oscar Scarpa, founder of the yard, promoted a tradition of excellence, building several hundred exclusive boats with his son Sandro each with unique specifications, either technical or aesthetic, and all beautifully finished. The San Marco boatyard has also enjoyed a successful racing career, with more than 30 world speed records and hundreds of victories to its credit at the highest competitive level - often with Oscar Scarpa in the driver's seat! This book is both a tribute to the full history of the San Marco boatyard and its unique contribution to the world of speed boats. Racing Cars of the Sea is illustrated with a remarkable collection of hundreds of unpublished archival documents and photographs, as well as detailed information, including extensive production and racing records.

The Real Name of God Rabbi Wayne Dosick 2012-05-29 Reveals the real, whole name of God and its place within each of us • Explains how none of the God-names commonly used in the Bible is God’s real name • Shows how the real name of God unites all religions from both West and East • Includes spiritual techniques, prayers, poems, and meditative chants to bring each of us into deep, personal, intimate, living relationship with God Of the many names of God commonly used in the Bible and other sacred literature, none is God’s real name. Every God-name, including YHWH, reflects only one of God’s many aspects, such as the loving creator, the militaristic authoritarian, or the all-knowing judge. None embodies the wholeness, the totality, the full Essence of God. Who then are we to speak to when we seek God? If you can’t truly know something until you know its name, how can we truly know God? The culmination of years of translation research and etymological investigation, Rabbi Wayne Dosick’s work digs through many layers of presumption and deeply ingrained beliefs to reveal the real name of God hiding in plain sight in the Bible: Anochi. He shows how this sacred name unites all religions--both of the West and the East. The name Anochi enables us to finally meet the whole, complete, real God--both the grand God of the vast universe and the God of breath, soul, and heart who dwells within each of us. This in-depth exploration of God’s name includes spiritual techniques, poems, guided prayers, and meditative chants to bring each of us into personal, intimate, and purposeful relationship with God. By knowing the real name of God, --we can affirm the connection to the Divine at the core of our being.

We can touch the face of God that resides deep within us all.

Pininfarina Luciano Greggio 2018-04-03 The entire stylistic and industrial history of Pininfarina, a true bastion of the "Made in Italy" phenomenon, is contained in this book with its wealth of black and white and colour photos. For almost 90 years Pininfarina has been synonymous with Italian coachbuilding. Some of the most iconic cars in the history of not only Italian but also worldwide motoring have been clothed by a firm that has been recognised as the creator of true works of art. Battista Farina, known as "Pinin", was the master craftsman who in 1930 founded in Turin the "Società Anonima Carrozzeria Pinin Farina". The quality and the beauty of his creations soon established the firm's reputation and well before the outbreak of the Second World War it could boast magnificent bodies on Alfa Romeo, Lancia and Fiat chassis. 1947 saw the presentation of a milestone in the history of Italian design, the Cisitalia 202. Between the 1950s and 1990s the company produced iconic designs such as the Alfa Romeo Giulietta Spider and the "Duetto", the Lancia Aurelia B24 and the Flaminia, the Fiat Dino Spider and the 124 coupé, not to mention the innumerable Ferraris bodied by the prestigious Turin firm that from 1952 had become Maranello's coachbuilder of choice. Numerous 250 GTs, the 250 Le Mans, the 365 Daytona, the 308 GTB, the Testarossa and the 288 GTO are all Pininfarina-bodied Ferraris. This book recounts the most recent history of this giant of Italian car design with all the latest products realised in particular for the Asian market where the Pininfarina brand has an increasing presence. There is also a chapter devoted to Pininfarina Extra, a brand within the brand, which since 1986 has been taking a 360° approach to design. The full story of this iconic Italian design firm finally told in a single volume.

Alfa Romeo TZ-TZ2 Vito Witting da Prato 2017-02-01 Having left motor racing in the early 1950s - at least officially - Alfa Romeo returned to the sport once again at the start of the following decade due to the commitment and enthusiasm of Autodelta. This Alfa offshoot distinguished itself by preparing and racing about 30 of the manufacturer's different cars that really did make history. Among them, the Giulia TZ holds a place at the head of the crowd. It had a 1.5-litre, 113 hp engine from the Giulia SS, front and rear suspension of modern conception, disc brakes and an especially bold body shaped by Zagato on a modern tubular chassis. Those were the strong points of this car, which scored results of absolute prestige in its brief career at Sebring, in the Targa Florio, the 24

Hours of Le Mans and the Tour de France. Vito Witting da Prato, already the author of a meticulously written book on the Alfa Romeo SZ, covers the winning, human, technical and sporting factors of this unforgettable car in a monumental work. A book which, to the precise text and painstaking historical reconstruction, has been added illustrations of previously unpublished pictures and technical designs by Autodelta.

Creative Writing Bouquet L.H.I. Creative Writers Group 2005 The authors of this Bouquet are people like you. Retired, living in the Lutheran Homes at Glynde, with freedom at last to pursue things they have always wanted to do. Intrigued by a flyer in their letterboxes offering a creative-writing group, the long-held desire to write overcame their hesitation. They came along, one Tuesday afternoon, to meet with Dorothy O'Neill, a Homes resident and the author of several books, to find out more. Every first and third Tuesday in the month, for a year, these seven women worked diligently with Dorothy, to discover and develop the skills they never knew they had. Using simple and homely topics, they drew on their experience, imagination and wisdom to create the varied pieces collected here. Through the group, these strangers found the satisfaction of creative work and the fun and fellowship of a shared endeavour. So here is a bouquet of their work - short stories, poems, spiritual reflections - to prove that creativity flowers in all of us if we will let it: age open, experience not required.

She has visited museums throughout the country, searching eagerly for the treasures that her ancestors left behind. She has found textiles, chests, cabinets and old folk costumes that have later become her greatest source of inspiration.
