0 2021-04-04 "0" is a revolutionary literary work written by a mysterious author known only as Existence - who prefers to be addressed as the numeric value of 1.This logic behind this strange, 0-1 juxtaposition becomes crystal clear as the reader and Existence (1) move through 13.8 billion years (and one trillionth of a second) of existential history. Many of life's most confusing situations and painful experiences are explained along with the mystery surrounding how something can emerge from nothing.After laying down some rather strict guidelines, Existence (1) takes the reader on a controversial journey back in time, to the time before time, where the preexistence of existence is detailed in reader-friendly terms. Science, religion, atheism, quantum theory, history, consciousness, good, evil, and many other human constructs fall under 1's merciless scalpel of truth as humanity's final chapter is revealed. Existence (1) has graciously provided our species with a single opportunity to change our destiny within the pages of this strange, unorthodox book. However, it is up to us to take heed because second chances cannot be offered to a nonexistent species. Learn how everything came to be, why you exist, your purpose in life, the reason for suffering, why life evolves, and the fate of humanity should we fail to change our polarized direction. If you have never been satisfied with the mainstream explanations for your existence, then "0 by 1" has an alternative that will blow you away! "Existence pushes forward. Existence takes chances. Existence evolves!" - 1

Parole Cj Stevens 2020-12-07 For Adrian, it is time to put up or shut up. He has been complaining about the plight of the male Vampire in the world, so he is offered an opportunity to take one of them Parole. For Victoria it's a chance to see if Adrian is a fluke, or if he can somehow bring along another male Vampire to be as successful as he is.It's not a great time to have a stranger in the house, as Morgan's Dad is sick, and the only way to be sure he can get better is to turn. The problem is, no one has ever turned at will. Vampires do not recruit. Jessica has some ideas, but it has all never been tried.With a new turn around the house, an illicit Vampire-world experiment in progress, new problems arise in the law enforcement end of the Sagan Clan requiring Adrian and Morgan to work with her old lover, DeWayne. Life is never boring at Casa de Gato.

Colorado Summer Stars Jill Haymaker 2017-09-21 Jill Haymaker brings you home to Peakview, Colorado where everyone has a chance at love. How did her relationship go so wrong? When NICOLE PHILLIPS COLE PHILLIPS flees San Francisco after her boyfriend's jealousy turns violent, she doesn't know where to go next. Out of a job and a place to live, she heads to the only place she feels safe-her childhood home in the tiny town of Peakview, nestled high in the Colorado Rockies. The one place she'd sworn to never live again. RICK BRADY was a skinny, nerdy kid, earning him the not-so-flattering nickname of Scarecrow in high school. He'd been glad to escape his reputation and leave Peakview behind. When his parents' health begins to fail, he returns to Peakview and opens his own veterinarian practice on their ranch. He's never really been in love, unless you count that crush he had on the most popular girl in school from kindergarten through senior year. Now fifteen years after they both left town, they are back home and searching for answers to questions they can't define. Beneath the beauty of the Colorado summer stars, they reconnect. They soon discover that it's not easy to leave the past behind. To move forward and find true love, they must overcome their insecurities and doubts and learn to trust again.

A Visual Servoing Approach to Human-Robot Interactive Object Transfer Ying Wang 2016-04-07 Taking human factors into account, a visual servoing approach aims to facilitate robots with real-time situational information to accomplish tasks in direct and proximate collaboration with people. A hybrid visual servoing algorithm, a combination of the classical position-based and image-based visual servoing, is applied to the whole task space. A model-based tracker monitors the human activities, via matching the human skeleton representation and the image of people in image. Grasping algorithms are implemented to compute grasp points based on the geometrical model of the robot gripper. Whilst major challenges of human-robot interactive object transfer are visual occlusions and making grasping plans, this work proposes a new method of visually guiding a robot with the presence of partial visual occlusion, and elaborate the solution to adaptive robotic grasping.

Worth Returning Veronica Lang 2021-02-16 Rob had not been in love with her when he'd married her. This, Maria concluded, was why he had not been able to keep his marriage vows. When he betrayed her just a few years into their marriage, she wanted to leave him immediately, despite the fact that she still loved him. But knowing how their separation would devastate their children, she decided to stay, at least until both children were old enough. Later, she would learn about Rob's greater betrayal, committed before they'd even been married.Maria finally found the courage to leave Rob when their children were grown and married. Her leaving came as a great shock to him, who'd assumed his wife would stay forever. She hadn't left him when she had first learned of his betrayals, had she? So why did she have to leave at all?It was only after she was gone that Rob realized how much he needed her. Her absence was almost unbearable. He'd tried to win her back, but it was too late. She had fallen in love with another man.Now, nearly a decade after their estrangement, Rob and Maria find themselves in the same tour group doing the Camino de Santiago. She'd joined the tour, hoping it would help assuage her grief over her partner's death; Rob had joined because he thought it would be 'fun'. Neither of them could have predicted how much the Camino tour would transform their lives.The Lives of Nina and Joy, friends and neighbors of Maria who did the Camino with them, and those of the other pilgrims in their group are transformed as well. This is their story too.
