Shipwrecks of the Lakes Dana Thomas Bowen 1952 Tales of shipwrecks have a definite fascination and a universal appeal. They are not only exciting and thrilling but usually contain some element of mystery. They recount the struggle of man to survive, pitting himself, or in several instances-herself, and the ship against the elements of destruction, calling forth his utmost skill, his strength, and his ingenuity, often with his very life as the high stake. Some

emerge heroes; others are never heard from again. In this book are told only a selected number of the outstanding number of the shipwrecks of the Great Lakes. To attempt to put into a single book all the shipwrecks occurring on the Great Lakes would be sheer folly. Here are true tales of dozens of thrilling shipwrecks told in an interesting manner - complete with dozens of photographs. Heroic rescues from Duluth to the St. Lawrence make fascinating reading. Shipwrecks are recounted, covering a period of over one hundred years, from the old wooden immigrant steamers and the lofty-masted sailing vessels, up to the present ships of today. Much lake lore is woven into the tales of the wrecks, but nothing has been retold from Mr. Bowen's other books, *Lore of the Lakes* and *Memories of the Lakes*.

Since all young ladies of the ton must marry, she plans to do just that. The only romances she's interested in are between the pages of her beloved books, so love is not a consideration. She needs a husband willing to let her live her own life, and who better than a man for whom a wife is an inconvenience packed off to the country? Which means only one type of man will do...She needs a rake, a man who will barely notice his own wife in favour of his own pursuits. It's the perfect plan. All she has to do is not fall in love... And most definitely not with the irritatingly handsome Baron Huntingford. He needs a wife. Preferably someone who is not Miss Whitfield... More at home on the battlefield than in a ballroom, Aaron, Baron Huntingford, is still getting used to his title and being a man of leisure rather than a soldier. A rake with a dangerous reputation he's used to any woman he wants falling at his feet, but Miss Whitfield is not like other debutantes. For one thing, she seems to actively dislike him. For another, she's his best friend's new sister-in-law, and therefore off limits. Never mind that he craves her touch and to find out if her lips taste as sweet as they look. Wilful Blindness Sam Cooper 2021-05-20 In 1982 three of the most powerful men in Asia met in Hong Kong. They would decide how Hong Kong would be handed over to the People's Republic of China and how Chinese business tycoons Henry Fok and Li Ka-Shing would help Deng Xiaoping realize the Chinese Communist Party's domestic and global ambitions. That meeting would not only change Vancouver but the world. Billions of dollars in Chinese investment would soon reach the shores of North America's Pacific coast. B.C. government casinos became a tool for global criminals to import deadly narcotics into Canada and launder billions of drug cash into Vancouver real estate. And it didn't happen by accident. A cast of accomplices — governments hungry for revenue, casino, and real estate companies with ties to shady offshore wealth, professional facilitators including lawyers and bankers, an aimless RCMP that gave organized crime room to grow — all combined to cause this tragedy. There was greed, folly, corruption, conspiracy, and wilful blindness. Decades of bad policy allowed drug cartels, first and foremost the Big Circle Boys — powerful transnational narco-kingpins with ties to corrupt Chinese officials, real estate tycoons, and industrialists — to gain influence over significant portions of Canada's economy. Many looked the other way while B.C.'s primary industry, real estate, ballooned with dirty cash. But the unintended social consequences are now clear: a fentanyl overdose crisis raging in major cities throughout North America and life spans falling for the first time in modern Canada, and a runaway housing market that has devastated middle-class income earners. This story isn't just about real estate and fentanyl overdoses, though. Sam Cooper has uncovered evidence that shows the primary actors in so-called "Vancouver Model" money laundering have effectively made Canada's west coast a headquarters for corporate and industrial espionage by the CCP. And these ruthless entrepreneurs have used Vancouver and Canada to export their criminal model to other countries around the world including Australia and New Zealand. Meanwhile, Cooper finds that the RCMP's 2019 arrest of its top intelligence official, Cameron Ortis, raises many frightening questions. Could Chinese transnational criminals and state actors targeting Canada's industrial and technological crown jewels have gained protection from the Mounties? Could China and Iran have insight into Canada's deepest national security secrets and influence on investigations? Ortis had oversight of many investigations into transnational money laundering networks and insight into sensitive probes of suspects seeking to undermine Canada's democracy and infiltrate the United States, according to the evidence Cooper has found. *Wilful Blindness* is a powerful narrative that follows the investigators who refused to go along with institutionalized negligence and corruption that enabled the Vancouver Model, with Cooper drawing on extensive interviews with the whistle-blowers; thousands of pages of government and court documents obtained through legal applications; and large caches of confidential material available exclusively to Cooper. The book culminates with a shocking revelation showing how deeply Canada has been compromised, and what needs to happen, to get the nation back on track with its "Five Eyes" allies. "I'm astonished that some Hollywood production company hasn't already signed him for a big-screen treatment of this story. It's a huge story." — Terry Glavin, National Post
