Muscle Car Brake Upgrades Bobby Kimbrough 2019-09-15 Details how to select, install, and calibrate high-performance aftermarket brake systems specifically

for your classic muscle car. Other brake system books cover all cars and all applications, but this book is dedicated to muscle cars only! With this volume, you can follow detailed, thorough, step-by-step procedures to install systems on a variety of popular muscle cars from Ford, Chrysler, and General Motors. As a result, you will have a car with brakes on par with the handling and horsepower of modified cars today. Many 1960s and 1970s muscle cars still carry the outdated and rudimentary OEM drum or underpowered stock disc/drum brake systems. These hinder handling agility and stopping performance, and they are a subpar safety system. Muscle cars are meant to be driven aggressively, and the brake system needs to match the performance of the drivetrain. The fundamentals of system design, operation, and component function are clearly explained so you understand all principles, equipment, and available kits. With this knowledge, you can select the best brake system for your car and application. However, selecting the right equipment is just the first step. This book delivers detailed step-by-step instructions and photos so you can confidently install an aftermarket high-performance brake system, such as a kit from Wilwood, Baer, CCP, and others on a variety of muscle cars. Covered are aftermarket brake conversions for factory size 14- to 15-inch wheels as well as installs for 16- to 20-inch wheels. You are shown how to select individual components and install master cylinders, steel-braided brake lines, calipers, rotors, and proportioning valves. Whether you're driving a high-performance street, Pro Touring, autocross, drag racing, or road racing car, these brake system installs dramatically increase performance and safety.

Choose This Day T. B. Henderson 2017-03-13 As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?
