Comparative Theology in the Millennial Classroom Mara Brecht

2015-12-07 This volume explores the twenty-first century classroom as a uniquely intergenerational space of religious disaffiliation, and questions about how our work in the classroom can be, and is being, re-imagined for the new generation. The culturally hybrid identity of Millennials shapes their engagement with religious "others" on campus and in the classroom, pushing educators of comparative theology to develop new pedagogical strategies that leverage ways of seeing and interacting with their teachers and classmates. Reflecting on religious traditions such as Islam, Judaism, African Traditional Religions, Hinduism, Christianity, and agnosticism/atheism, this volume theorizes the theological outcomes of current pedagogies and the shifting contours of comparative theological discourse.

The Challenger Sale Matthew Dixon 2011-11-10 What's the secret to sales success? If you're like most business leaders, you'd say it's fundamentally about relationships-and you'd be wrong. The best salespeople don't just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, *The Challenger Sale* argues that classic relationship building is a losing approach, especially when it comes to selling

complex, large-scale business-to-business solutions. The authors' study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one—the Challenger—delivers consistently high performance. Instead of bludgeoning customers with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.

Author Steve Magnante is well known for his encyclopedia-like

knowledge of automotive facts. The details he regularly shares, both in the pages of national magazines and as a contributing host and tech expert at the popular Barrett-Jackson Auctions on television, are the kinds of details that car fanatics love to hear. Magnante covers them all here, generation by generation, so that Mustang fans of any generation are sure to love this collection. Whether you're an avid fan of all Mustangs, a trivia buff who wants to stump your friends, or have a particular affinity for a particular era of Mustangs, this book is an informative and entertaining collection of facts from one of the industry's most beloved and respected sources. Peril Bob Woodward 2021-09-21 The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as # 1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with vivid, eyewitness accounts of what really happened. Peril is supplemented throughout with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making for an unparalleled history. It is also the first inside look at Biden's presidency as he faces the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president. "We have much to do in this winter of peril," Biden declared at his inauguration, an event marked by a nerve-wracking security alert and the threat of domestic terrorism. Peril is the extraordinary story of the end of one presidency and the beginning of another, and represents the culmination of Bob Woodward's news-making trilogy on the Trump presidency, along with Fear and Rage. And it is the beginning of a collaboration with fellow Washington Post reporter Robert Costa that will remind readers of Woodward's coverage, with Carl Bernstein, of President Richard M. Nixon's final days.

To Sell Is Human Daniel H. Pink 2012-12-31 Look out for Daniel Pink's new book, *When: The Scientific Secrets of Perfect Timing* #1 New York Times Business Bestseller #1 Wall Street Journal Business Bestseller #1

Washington Post bestseller From the bestselling author of *Drive* and *A Whole New Mind*, and teacher of the popular MasterClass on Sales and Persuasion, comes a surprising--and surprisingly useful--new book that explores the power of selling in our lives. According to the U.S. Bureau of Labor Statistics, one in nine Americans works in sales. Every day more than fifteen million people earn their keep by persuading someone else to make a purchase. But dig deeper and a startling truth emerges: Yes, one in nine Americans works in sales. But so do the other eight. Whether we're employees pitching colleagues on a new idea, entrepreneurs enticing funders to invest, or parents and teachers cajoling children to study, we spend our days trying to move others. Like it or not, we're all in sales now. *To Sell Is Human* offers a fresh look at the art and science of selling. As he did in *Drive* and *A Whole New Mind*, Daniel H. Pink draws on a rich trove of social science for his counterintuitive insights. He reveals the new ABCs of moving others (it's no longer "Always Be Closing"), explains why extraverts don't make the best salespeople, and shows how giving people an "off-ramp" for their actions can matter more than actually changing their minds. Along the way, Pink describes the six successors to the elevator pitch, the three rules for understanding another's perspective, the five frames that can make your message clearer and more persuasive, and much more. The result is a perceptive and practical book--one that will change how you see the world and transform what you do at work, at school, and at home.

The Afghanistan Papers Craig Whitlock 2021-08-31 The groundbreaking investigative story of how three successive presidents and their military commanders deceived the public year after year about America's longest war, foreshadowing the Taliban's recapture of Afghanistan, by Washington Post reporter and three-time Pulitzer Prize finalist Craig Whitlock. Unlike the wars in Vietnam and Iraq, the US invasion of Afghanistan in 2001 had near-unanimous public support. At first, the goals were straightforward and clear: to defeat al-Qaeda and prevent a repeat of 9/11. Yet soon after the United States and its allies removed the Taliban from power, the mission veered off course and US officials lost sight of their original objectives. Distracted by the war in Iraq, the US military became mired in an unwinnable guerrilla conflict in a country it did not understand. But no president wanted to admit failure, especially in a war that began as a just cause. Instead, the Bush, Obama, and Trump administrations sent more and more troops to Afghanistan and repeatedly said they were making progress, even though they knew there was no realistic prospect for an outright victory. Just as the Pentagon Papers changed the public's understanding of Vietnam, *The Afghanistan Papers* contains startling revelation after revelation from people who played a direct role in the war, from leaders in the White House and the Pentagon to soldiers and aid workers on the front lines. In unvarnished language, they admit that the US government's strategies were a mess, that the nation-building project was a colossal failure, and that drugs and corruption gained a stranglehold over their allies in the

Afghan government. All told, the account is based on interviews with more than 1,000 people who knew that the US government was presenting a distorted, and sometimes entirely fabricated, version of the facts on the ground. Documents unearthed by *The Washington Post* reveal that President Bush didn't know the name of his Afghanistan war commander—and didn't want to make time to meet with him. Secretary of Defense Donald Rumsfeld admitted he had “no visibility into who the bad guys are.” His successor, Robert Gates, said: “We didn't know jack shit about al-Qaeda.” *The Afghanistan Papers* is a shocking account that will supercharge a long overdue reckoning over what went wrong and forever change the way the conflict is remembered.

State of Terror Louise Penny 2021-10-12 AN INSTANT #1 NEW YORK TIMES BESTSELLER Named one of the most anticipated novels of the season by *People*, *Associated Press*, *Time*, *Los Angeles Times*, *Parade*, *St. Louis Post-Dispatch*, *The Guardian*, *Publishers Weekly*, and more. From the #1 bestselling authors Hillary Clinton and Louise Penny comes a novel of unsurpassed thrills and incomparable insider expertise—*State of Terror*. After a tumultuous period in American politics, a new administration has just been sworn in, and to everyone's surprise the president chooses a political enemy for the vital position of secretary of state. There is no love lost between the president of the United States and Ellen Adams, his new secretary of state. But it's a canny move on the part of the president. With this appointment, he silences one of his harshest critics, since taking the job means Adams must step down as head of her multinational media conglomerate. As the new president addresses Congress for the first time, with Secretary Adams in attendance, Anahita Dahir, a young foreign service officer (FSO) on the Pakistan desk at the State Department, receives a baffling text from an anonymous source. Too late, she realizes the message was a hastily coded warning. What begins as a series of apparent terrorist attacks is revealed to be the beginning of an international chess game involving the volatile and Byzantine politics of Pakistan, Afghanistan, and Iran; the race to develop nuclear weapons in the region; the Russian mob; a burgeoning rogue terrorist organization; and an American government

set back on its heels in the international arena. As the horrifying scale of the threat becomes clear, Secretary Adams and her team realize it has been carefully planned to take advantage of four years of an American government out of touch with international affairs, out of practice with diplomacy, and out of power in the places where it counts the most. To defeat such an intricate, carefully constructed conspiracy, it will take the skills of a unique team: a passionate young FSO; a dedicated journalist; and a smart, determined, but as yet untested new secretary of state. *State of Terror* is a unique and utterly compelling international thriller cowritten by Hillary Rodham Clinton, the 67th secretary of state, and Louise Penny, a multiple award-winning #1 New York Times bestselling novelist.

Both/And Huma Abedin 2021-11-02 In this beautifully written and propulsive memoir, Huma Abedin—Hillary Clinton's famously private top aide and longtime adviser—emerges from the wings of American political history to take command of her own story. The daughter of Indian and Pakistani intellectuals and advocates who split their time between Saudi Arabia, the UK, and the United States, Abedin grew up in many worlds. *Both/And* grapples with family, legacy, identity, faith, marriage, and motherhood with wisdom and sophistication. Abedin launched full steam into a college internship in the office of the first lady in 1996, never imagining that her work at the White House would blossom into a career in public service, nor that the career would become an all-consuming way of life. Still in her twenties and thirties, she thrived in rooms with diplomats and sovereigns, entrepreneurs and artists, philanthropists and activists, and witnessed many crucial moments in 21st-century American

history—Camp David for urgent efforts at Middle East peace in the waning months of the Clinton administration, Ground Zero in the days after the 9/11 attacks, the inauguration of the first African American president of the United States, the convention floor when America nominated its first female presidential candidate. Abedin's relationship with Clinton has seen both women through extraordinary personal and professional highs, as well as unimaginable lows. Here, for the first time, is a deeply personal account of Hillary Clinton as mentor, confidante, and role model. Abedin cuts through caricature, rumor, and misinformation to reveal a crystal-clear portrait of Clinton as a brilliant and caring leader a steadfast friend, generous, funny, hardworking, and dedicated. Both/And is a candid and heartbreaking chronicle of Abedin's marriage to Anthony Weiner, what drew her to him, how much she wanted to believe in him, the devastation wrought by his betrayals—and their shared love for their son. It is also a timeless story of a young woman

with aspirations and ideals coming into her own in high-pressure jobs, and a testament to the potential for women in leadership to blaze a path forward while supporting those who follow in their footsteps. Both/And describes Abedin's journey through the opportunities and obstacles, the trials and triumphs, of a full and complex life. Abedin's compassion and courage, her resilience and grace, her work ethic and mission are an inspiration to people of all ages. "This journey has led me through exhilarating milestones and devastating setbacks," said Abedin. "I have walked both with great pride and in overwhelming shame. It is a life I am—more than anything—enormously grateful for and a story I look forward to sharing."
